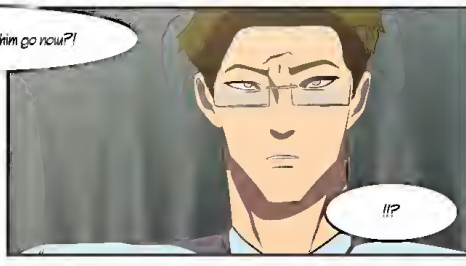
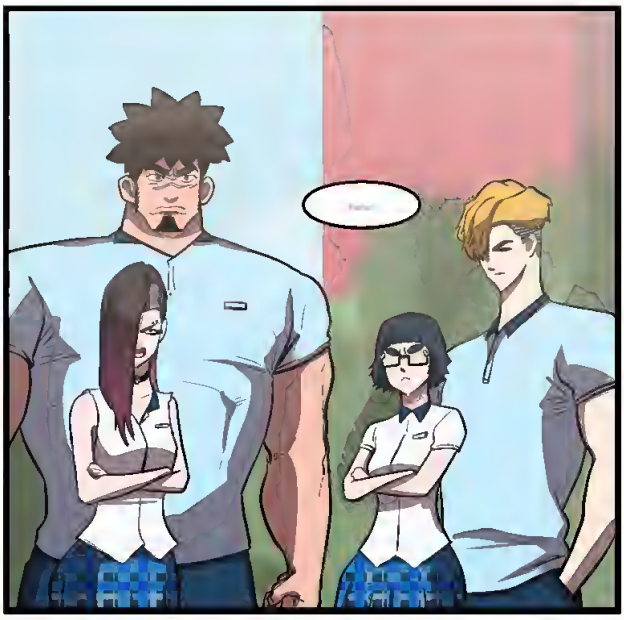
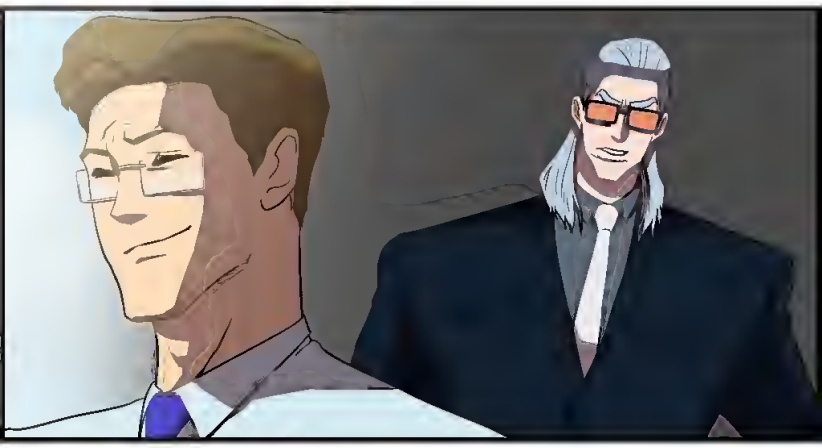
How about letting him go now?!





I don't know if it's their youth, but their skills are outstanding! The only problem is that they're going through puberty..



I'm concerned about whether they'll even fight together when the time comes...

SFx. Let's go

I'm your teacher temporarily
I'll be giving you orders to mobilize to a location when the need comes, no more no less. I give you my word.

Hmph, so you don't boss us around.. is that it?
I'm nothing but a communication's officer.

.....

Didn't that guy look crazy? The one we met.
True that. He's part of the main family, but I get an uneasy feeling about him.
Huhu .. if the same family member doesn't like him, he must be really crazy don't you think?

TLN: Context feels missing, but you're missing nothing. This was how it was delivered to us.

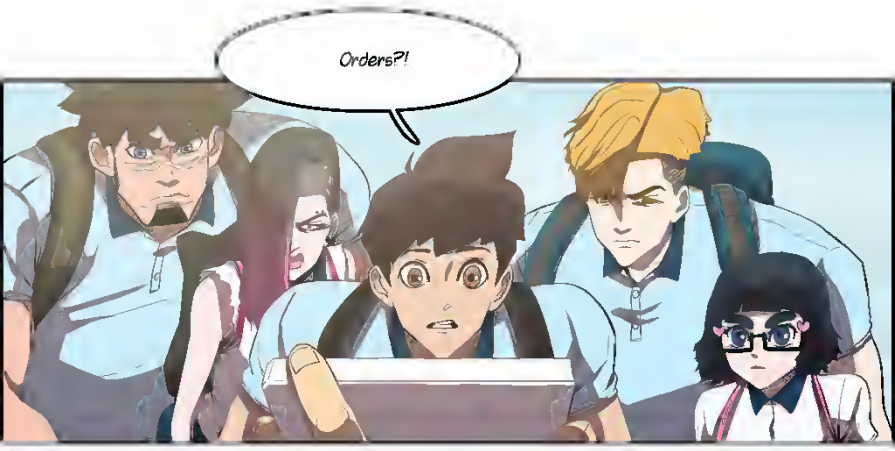
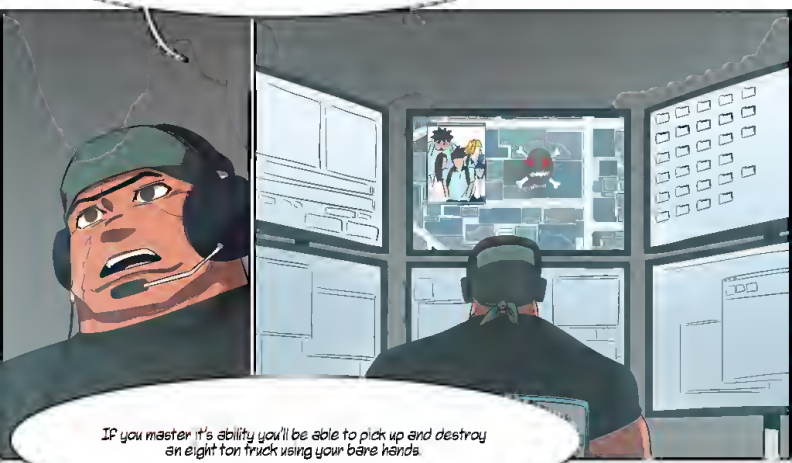
SFx: Beep~ Beep~



They're attacking a hidden refuge under the disguise of Shinkyokushin Dojo!

Their target is the Great Northern Fist, Lu-chang Daehyup!

The Great Northern Fist, Lu-Chang Daehyup is known for his "Bronze Fists" It's one of the more powerful techniques in the main family



If you master it's ability you'll be able to pick up and destroy an eight ton truck using your bare hands

We cannot lose Lu-Chang Daehyup to the robots!

Wow~ Awesome

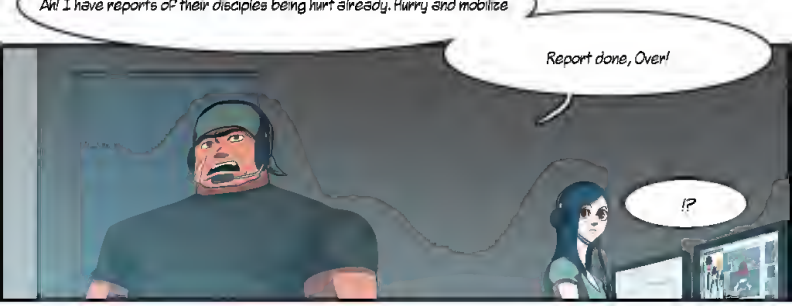
Why you're jealous?

Now now everyone, calm down.

The Bronze Fist is one of the only moves that beginners can use to ward off the Robots.

We must protect it no matter what.

Ah! I have reports of their disciples being hurt already. Hurry and mobilize



Report done, Over!

I can't thank you enough.
I don't think I'll ever be able to repay his debt.

Haha, there's no need for such humble words. We, the Wu Mun Alliance will always welcome you with open arms, so take it easy with your disciples

Thank you, Elder Bukoo

Shi Feek

What? Are you telling the truth?! Arran absorbed their "technique"?!

Are you sure it wasn't their aura or their KI?!

Sir, Get's up

Yes I'm sure of it. Certainly, I saw Arran absorb the Bronze Fists from Lu-Chang Daolupa

The Drinking Arts I was only drains their aura...

If he's able to drain their technique, it's a completely different story

Why do you think this was happened?

Tsk-tsk-tsk

Sifu drip

It's probably because of Grand Master's Yi, you felt it right? How the Yi was inside of Arsin...

It wasn't the same Yi I felt from the Grand Master. The Grand Master's Yi only had the element of Yang...
But the Yi inside of Arsin was...

The 600 year old Yi the Grand Master had been treating is finally seeping its fair energies...

He did PerceiveFully absorb a technique...

No, we need to think thoroughly about this

Are you the kids who infiltrated the New Murim Alliance?

Yes! White Elder and Black Elder
We offer you our most humble greetings!
허억

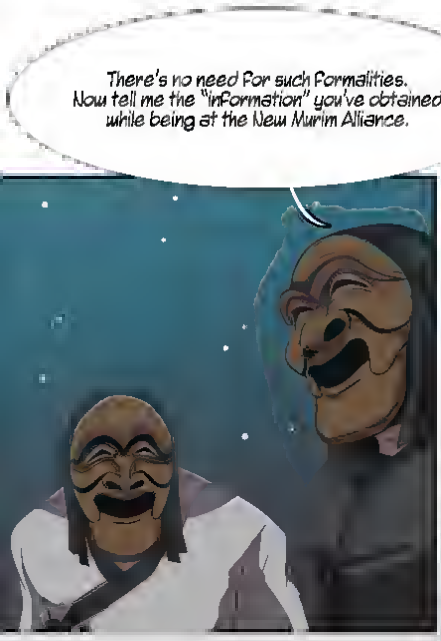
SFx: Bow x2



There's no need for such formalities.
Now tell me the "information" you've obtained
while being at the New Murim Alliance.

Yes! I'll tell you right now. The first person named
Yun Ah-Reum has very nimble body.
And a person named Won-Wu...

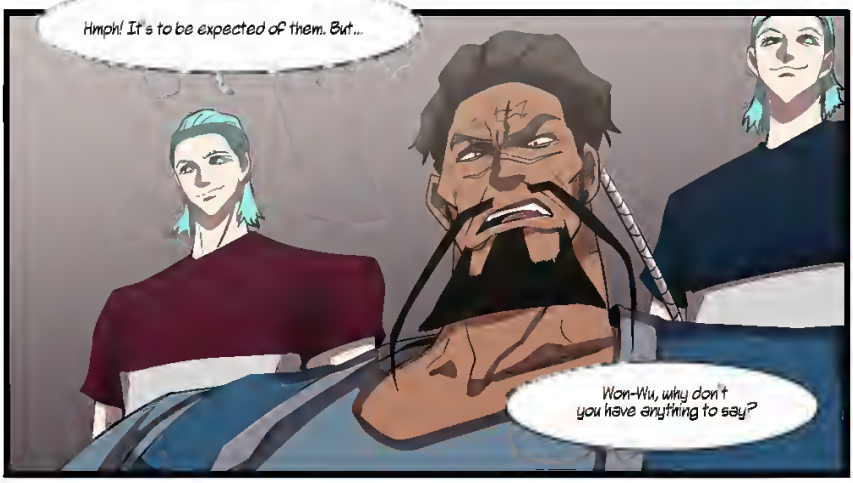
So you're telling me we can't underestimate 'em?

一撃必殺

Yes, that's right, Eider.

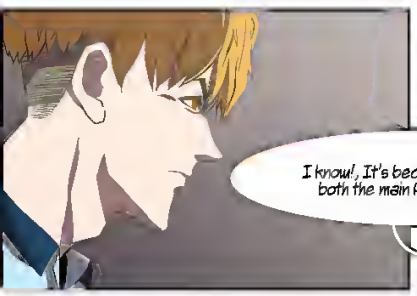
Sun Yun-Su is a spear master, while Kim Dong-Hoon is a martial arts master.

It seems like the main family went over members who were physically powerful retired.



Hmph! It's to be expected of them. But...
Won-Wu, why don't you have anything to say?

.....



I know!, It's because Won-uu likes both the main Family and Aran.

一撃必殺
Yup, Won-uu hates being a spy

Wh... What do you mean!
Brother Ha-Gum!
Brother Sang-Gum!

Don't yell.

Hyo-ryu, you come to think that way,
but do you really think the main family will?

You never know what they're thinking,
especially those bastards from the main family.

There has been some cases where couple of Undead Family members became a Wayne and ran rampant.

Usually Yin and Yang Ki intermixes and brings balance to your body.

However, the stronger your body the harder it is to balance Yin Ki and the Yang Ki.
Even more so if that Ki belonged to the Grand Master of the Hongmoon Clan..
Stop talking and Focus in Pushing Amie!

Hmph!
That's idiotic. You don't know the true meaning of becoming strong.

Listen closely! The meaning of becoming strong is the ability to kill anyone more efficiently!
There's no meaning in strength if you use it to protect the weak.

Was this your plan from the beginning? To steal Grand Master's Ki?

Think however you want, but I'm just choosing what's best for the future of Murim. A way to properly utilize the Grand Master's Ki.
Finally, a way to restore balance and peace to this world, instead of allowing confusion and chaos to take over...
It's a tool of great power if used in the right hands.

Don't throw yourself away for the Branch Family.

Think about everyone in Murim!
If the Branch Family obtains that power, if they obtain the power to turn Murim around...
Murim will become a blood bath! It won't be about the Main or Branch Families anymore. The entire world will be shaken to its core!!

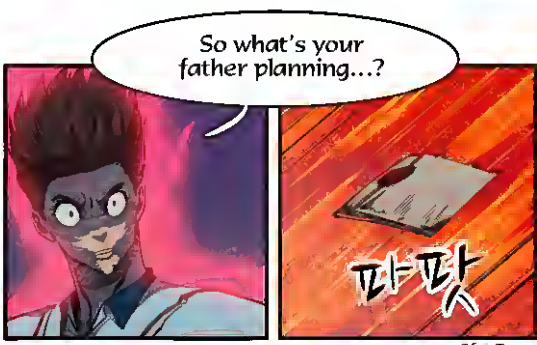
What's this?

It's a gift from our father. That person uses a well-known skill which allows him to move quickly. Aran, absorb that technique from him.

?!!

I heard that you're able to drain other's techniques. We found a technique perfect for you in this situation.

Our father told us that you are like a firemoth that wants to drain all the Ki in this world.



So what's your father planning...?
파-팟

Sfx: Toss

Father needs Aran as well, but he is not like the Main Family. He will not aim to kill you for your Ki.
Read that memo.

Eun Aran, I've sent a master of great skill to you so that you can obtain their technique and run away as far as possible.

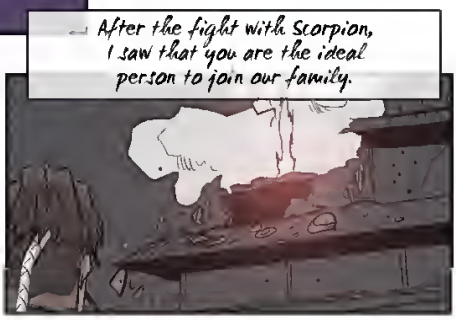
You may feel invincible under the effects of Mayin. However, you are like a dying candle burning brightly towards the end.
The first symptoms include shivering in the arms and legs.

If you do not feel this, you will collapse from exhaustion and killed for your Ki.



... After the fight with Scorpion, I saw that you are the ideal person to join our family.

I've written down a location where the Masters of the Main Family will not find you. Hurry and make your way there

I'll visit you myself to formally invite you, along with the other Elders from my family.

Sfx: Cut cut

Greetings, Elders.

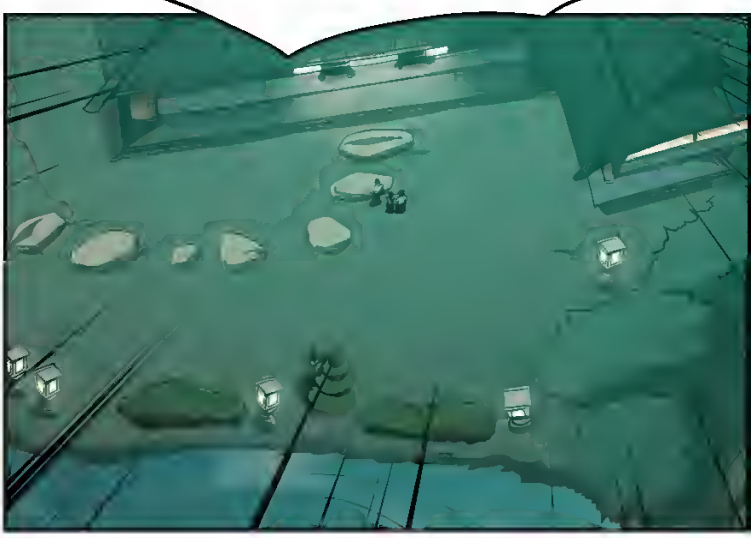
You sounded so boastful on the phone, yet now we see you kneeling before us with your head on the floor.
Kuku.... You might be an expendable one, no?

Eun Aran went on a rampage. He's nothing but an ordinary person who brings chaos wherever he goes.

However, I have a brief understanding of how the Grand Master transferred his Ki to him.

I just need a way to hold him still.
Then I'll just take Eun Aran's Ki and...
Extract it?
When your Grand Master risked his life to transfer it into this child?
You're a bold one. It is as you've said.The robots attack us and the Branch Family constantly threaten us...
If we lose the Grand Master's Ki, we will be greatly disadvantaged.
Thus, if we lose Eun Aran to the Branch we will be in a dire situation. We are not fools.

DO NOT SPEAK OUT OF TURN!!



Your words speak the truth. However, I cannot move the entire family based on your accusations.
You've already betrayed Suksoo, have you not?!

If you want to convince us, then you need to show us your loyalty!!
How can I prove my loyalty to you?!
I'll gladly lay down my life.
There's a simpler solution.
Capture Aran and transfer it all into that child!!
That is the only way you can prove to us that you are loyal!!
